

Technology 4 ESO - Unit 9 (DESIGN SOFTWARE)

Page 123 - Activity 15

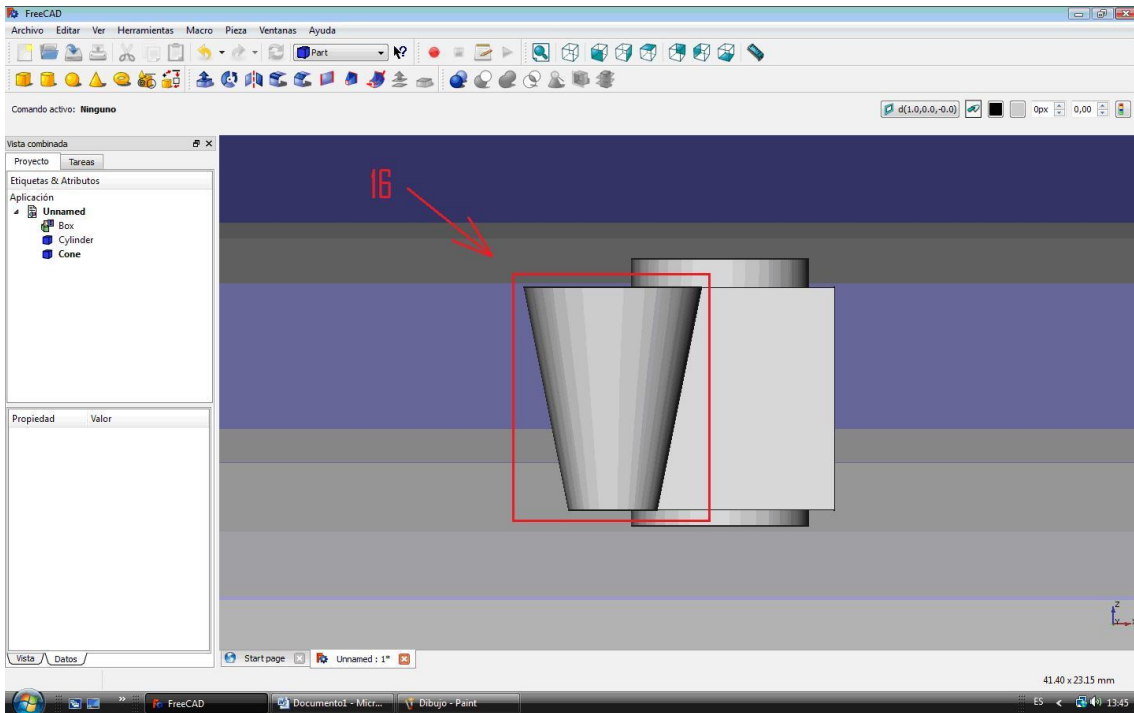

a) Continue from step 14 in the book:

Select the icon similar to a cone.

15

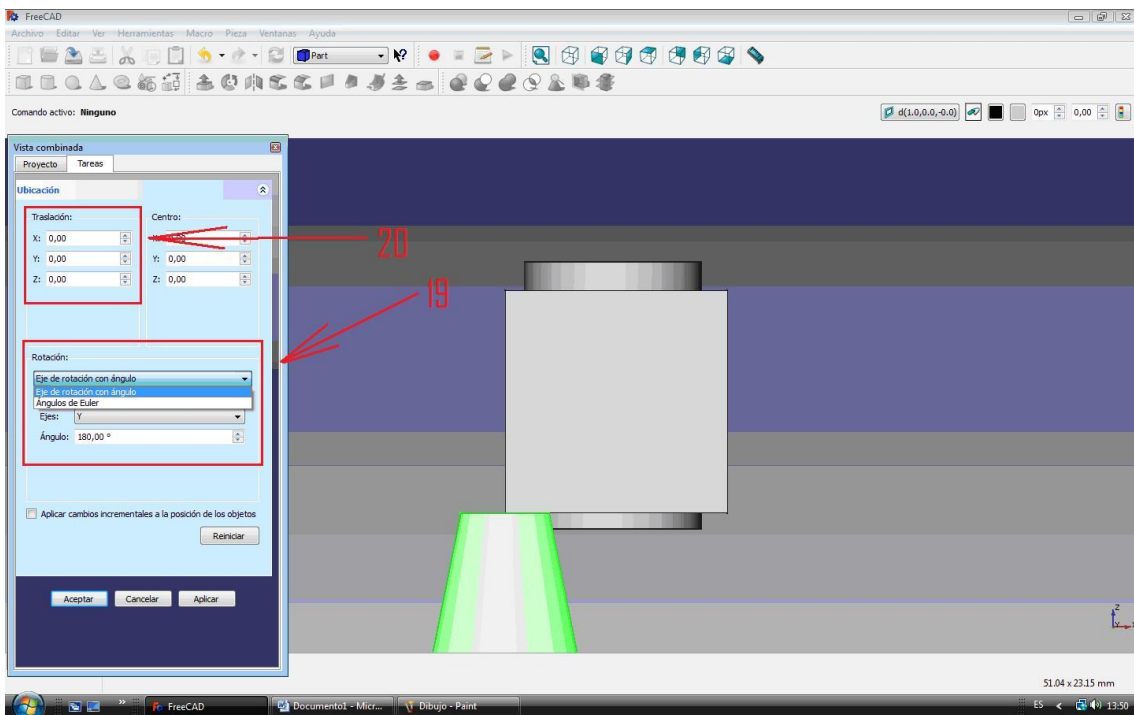

An image like this will show:

Select the cone.

After selecting the cone, click on the option "tasks".

Apply on:

Rotation: Rotation axis with angle.

Axis: Y.

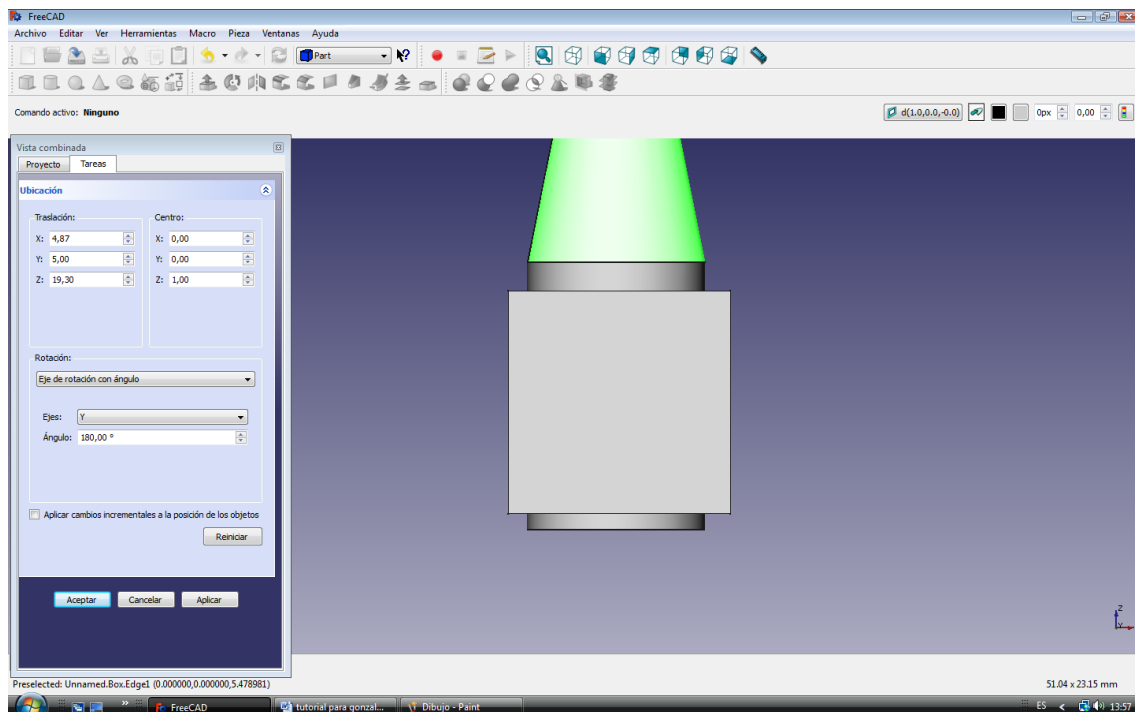

Angle: 180,00°.

Change the values:

X: 4,87

Y: 5,00

Z: 19,30

b) There are many more tutorials that we can do at

<https://www.freecadweb.org/wiki/Tutorials>

Choose a video tutorial that you like, for example:

FBeginners tutorial part 1 :

http://www.youtube.com/watch?v=_VR_XOPcaVw and follow it.
